

Good morning!

What interesting times we live in!  
Thankfully, court cases were won in Kentucky and Mississippi to not fine people going to drive-in church. Sadly, Samaritan's Purse ministry is being called a discriminatory hate group by liberals because it holds to traditional Christian views on marriage. VP-Pence is made fun of because of his prayer life and moral values. Thank God for people with faith in Him who also are motivated to extend God's love and mercy, even to those who bite the hand that feeds them! Let us not be deterred from being faithful to Jesus and living for Him.

Pastor Walter
